APPLIED LEARNING PROGRAMME

Nurturing 21st Century Competencies through Computational Thinking with Design Thinking

Students embark on a 6-year progressive Computational Thinking and Design Thinking Curriculum where they will be exposed to a variety of real-world problems/scenarios and transform those challenges into opportunities for design.

APPLIED LEARNING PROGRAMME

**Design
Thinking**

**Nurturing 21st
Century

SUBJECT BASED CURRICULUM

A dedicated one hour period to equip your child with Baseline ICT Skills and Computational Thinking within curriculum.

SUBJECT BASED CURRICULUM

Primary 1	Primary 2	Primary 3	Primary 4	Primary 5	Primary 6
Touch Typing (2h) MS Word(Basic Formatting) & Internet (2h) SLS Navigation (1h) Lego Wedo Basic (3h)	Basic PowerPoint (2h) Basic Excel (2h) Google Apps (1h) Lego Wedo Advanced (3h)	Advanced Excel (2h) Advanced PowerPoint (2h) Scratch Junior (4h)	Microbit (5h) Sketchup (3h)	Code for Fun-Robotics (10h)	Drone (8h)
Baseline + CT	Baseline + CT	Baseline + CT	CT + DT	CT	CT
8h	8h	8h	8h	10h	8h

DESIGN WEEK

Design Week Challenges are carried out during recesses to encourage students to apply their analytical thinking in designing products through play.

CYBERWELLNESS

CYBER WELLNESS FRAMEWORK

Schools are guided by the CW Framework to plan and implement a holistic CW education which are customised to their student profile and school environment.

The three CW Principles anchors a child's well-being in cyberspace as they can make careful and well-considered decisions.

The Sense-Think-Act approach aims to develop a child's instinct to act responsibly in cyberspace.

CW PRINCIPLES

Respect for Self and Others reminds students to uphold their own dignity when online and guides students to respect other people online.

Safe and Responsible Use teaches students to have an understanding of the risks of harmful and illegal online behaviour, inappropriate online content, and to take steps to protect themselves. This principle also guides students to maintain a healthy balance of online and offline activities.

Positive Peer Influence encourages students to be a positive role model online and to advocate positive online behaviour. This includes sharing healthy and positive content, using technology for good, and standing up for victims of cyber bullying.

SENSE – THINK – ACT PROCESS

Sense Identify the possible risk of harmful behaviours online and learn how to protect oneself

Think Analyse, evaluate and reflect on the online situation based on the three CW principles

Act Translate understanding into actions so as to be safe and have a positive presence online.
