Making Food Available, 24/7

Did you know that we have Food Bank vending machines in our constituency?

Under this programme, vulnerable residents can obtain food items through vending machines at any time of the day. With five vending machines located at our rental block clusters, beneficiaries can redeem food items using a FoodBank card issued to them. This is pre-loaded with credits every month.

Radin Mas is now working on enhancing the provision of the items in the vending machines by incorporating healthier products.

“It’s great that you get a variety of choices for a few dollars. Having it located at the void deck also makes it convenient especially when you have that late night food craving.”

Mr Goh Ah Lek,
85 years old

Where to find Food Bank vending machines?

- Block 22 Telok Blangah Crescent
- Block 34 Telok Blangah Rise
- Block 106 Jalan Bukit Merah

Calling for Donors!
