The school seek the parents' support to educate our students on proper management of lockers assigned to them. Students are to provide their own locks for their lockers. A spare key should be kept at home in case students lose the master key. The school will not keep any keys.

H. PRIMARY 6 SCHOOL-BASED ASSESSMENT FOR 2023

Radin Mas Primary School (RMPS) continues to provide different checkpoints in the form of weighted and non-weighted assessments to ensure a holistic education for our students. Qualitative and quantitative information gathered from these assessments allow teachers to ascertain the mastery level of students for the topics taught and timely intervention to be carried out to help students close learning gaps, should there be areas of concern.

Non-weighted assessments are conducted regularly to provide feedback on students' learning progress and support them in achieving the intended learning outcomes. These tasks are formative and include day-to-day class work, various assignments and teacher observations. Please refer to the attached letter on school-based assessment for more information.
