Chan Tze En, Roxane
Lau Yi Sun
Ong Si Suan, Hilda

Artist Statement

Singapore is a unique country. Our small land area means most Singaporeans live in blocks of flats. Our badges on the block represent Singapore's multi-racial community, culture, places of interests and activities. Each badge is an individual voice telling how each of us is a part of our special country.

Teacher Mentor's Comment

The artwork tells a story about the citizens in a small but prosperous island nation. Each badge depicts a facet of life in Singapore. Every citizen, young and old, can easily associate with the pictures captured on the badges and speak of them proudly.

Looi En Ni

Artist Statement

Never judge a book by its cover!
Singapore is a tiny island but there are many interesting things about this country that we are very proud of. Our artwork may look small, but it has something special to offer. Interact with our Singapore Time Capsule and you will be pleasantly surprised with what we have created inside!

Teacher Mentor's Comment

It is heart-warming to see how excited they were when they finally saw their artwork completed. They were committed and demonstrated resilience when faced with challenges. As a bonus, the process led them to learn more about Singapore's strengths and uniqueness that they expressed how proud they felt being Singaporeans!

A Prosperous Country

Radin Mas Primary School

Mixed Media

Student Artist(s)

Corlyss Wong Xiang Ting
Leong Kai Xin
Wong Wei Yien (Huang Wei'en)

Artist Statement

This Esplanade-inspired image of Singapore – a prosperous country – shows our citizenship, defined by our identity: where we live, our unique language and internationally-known airport. 200 years ago, thankful for Sir Stamford Raffles who came to the fishing village – then, was bustling life by a river, now a world-class Ong Lai.

Teacher Mentor's Comment

Working together to understand each other's strength was their first step forward. Overseeing as the project develops, I saw how the girls grew together – confidence in technical skills, expressiveness to convey ideas visually, supporting each other with reminders and encouragement. It was a great learning experience!
